- All - send Marilyn info on actions and any links so she can report them to national CCL (kvs21@frontier.com). Send published items to Paul to post on CCL-P website (paul-spencer@pullman.com)

National Call - Brian. Paul Hawken is the author of *Drawdown: The Most Comprehensive Plan Ever Proposed to Reverse Global Warming*. The book is based on the work of researchers from around the world who identified, researched and modeled the 100 most substantive, existing solutions to address climate change. What was uncovered is a path forward that can roll back global warming within thirty years. It shows that humanity has the means at hand. Nothing new needs to be invented.
