Building our Palouse CCL Community

Party and review of the year's progress – in person at our next scheduled meeting time, Nov 17, 5:30 – 7:00 pm.

Communication Exercise: Practice telling a story about someone impacted by climate

In pairs or threesomes:

Think of a story about someone you know who has been impacted by climate change recently. For example, you could talk about a friend in California who experienced heat above 110 degrees. Or a relative who's been impacted by fall hurricanes.* Conclude with a positive note about advocating more climate solutions to Congress.

*If your partner's story makes an impression on you, urge them to write it down and submit it in an LTE.
