CCL's Policy Agenda Priorities for 2023

- Carbon Pricing and Carbon Border Adjustments
- Clean Energy Permitting Reform (Mac)
- Building Electrification and Efficiency
- Healthy Forests

CCL Palouse Policy Priorities for 2023—Teams

1. **Carbon Pricing and Carbon Border Adjustments** - Simon and Margaret (leads)
2. **Electrification and Efficiency** – Mac and Mary (leads), Trish, Bill E., Mason, Paul, Gabby
3. **Healthy Forests** — Trish (lead), Pete, Clare, Kathy, Bill E., Bill V., Lily

For each of these priorities:

What is our plan to get fully up to speed on the policy?

What is our plan for setting 2023 goals and making a 2023 schedule to achieve the goals?

How might this policy help increase our local recruitment?

What local organizations are working on this issue?

How will we pull CCL's levers (Lobbying, Grassroots Outreach, Grasstops Outreach, Media, Volunteer Development) to advocate for this policy?

COMMUNICATION SKILLS EXERCISE: Briefly describe our policy agenda after telling your own story

You may see people out and about in January who are open to volunteering or action opportunities in 2023. Let’s practice leading with our own climate story, briefly explaining [CCL’s policy agenda](#) and asking open questions to get them interested in joining us.

Example conversation

You: Hey Betty. Great to see you. Did you have a good holiday?

Betty: Yes! My whole family was together. What’s up with you and that climate group you like so much?

You: Thanks for asking. I like CCL because before I found it I felt so hopeless, and now I'm having a lot of fun working on climate with new friends. And we helped get some bills passed through Congress last year! [[how to tell your own personal climate story](#)]

Betty: That’s remarkable. So what is CCL all about?

You: We advocate for policies that are effective at reducing carbon pollution and building bridges both in Congress and in our communities. Educating our communities and promoting policy legislation to local and federal legislators are our priorities. The policies in our policy agenda include carbon pricing, healthy forests, building electrification and efficiency and clean energy permitting reform. What do you think about these topics?

Betty: I’d like to learn about electrification. How can I get involved?

You: The best way to get started is to tune in to our Info Session any Wednesday night at 8 p.m. Eastern.

Betty: I’ll do it. Send me the link.
